A FOUNDATION FOR A STRONGER EDUCATIONAL FUTURE

These days, educators need support more than ever. School support, peer support, and most of all, financial support. The MEEMIC Foundation for the Future of Education was created in 1992 as a non-profit organization dedicated to offering financial assistance to schools and educators. Since its inception, the MEEMIC Foundation has contributed over \$1,000,000 in support of education.

How Can The MEEMIC Foundation Help You?

Simply put, it can help provide additional financial support for your classroom or educational program. The possibilities for funding are only limited by your imagination! Here are a few of the most frequently asked questions on The MEEMIC Foundation educational grants:

Any employee of a K-12 public, private, charter, or parochial school, as well as colleges and universities, may apply for a MEEMIC Foundation grant.

How are applications selected for funding?

Every grant application is carefully reviewed by the Foundation selection committee.

Criteria for selection include:

- the number of students who will benefit from the program

- how the program will enhance current and future curriculum

How much can be requested?

Grants are awarded up to \$2,500 each. The request cannot exceed the cost of the program.
