

BLUE WATER MIDDLE COLLEGE ACADEMY

I can honestly say it was one of the smartest decisions I could have made in my college career, and I would highly recommend the Middle College to anyone.”

– Makenzie Klein

Get a head start on life after high school

After Makenzie Klein completed the middle college, she entered Central Michigan University. She graduated from CMU in December 2017 with a bachelor's degree concentration in Business Administration with emphasis in accounting, and law and economics. She is a full-time staff accountant at Baker Tilly, an accounting firm out of Southfield and is sitting for the CPA exam.

You can get as much out of the Blue Water Middle College as Makenzie did. Find out how you can:

- Experience college at no cost while still in high school
- Earn college credit without any expense
- Participate in all high school sports, band and other activities
- March at graduation with your high school class

Get the information you need at any of these free sessions

Enrollment for the 2019–2020 school year is now open and runs through March 31 for current 10th-grade students. Learn more by attending one of these free informational sessions. No registration is required.
